🐙 github.com/Gozi1 🌐 linkedin.com/in/nwabiani-ngozi/

I'm a full-stack developer with a background in computer engineering, dedicated to designing and building high-quality websites that integrate seamlessly across front-end and back-end technologies. My technical expertise and creativity enable me to develop dynamic, user-friendly, and efficient web applications.

### 🧠 SKILLS

**Languages** (Javascript, HTML, CSS, Python, C# , C/C++, Java, Dart)

**Frameworks** (ReactJs / NodeJs)

**Databases** (PostgreSQL, MySQL)

**Tools** (Jest, Git, Cypress, Vagrant, Linux)

### 🎓 EDUCATION

#### Diploma in Web Development

Light House Labs

09/2022 – 03/2023

Hamilton, ON

#### Diploma in Computer Engineering

Mohawk College

09/2017 – 05/2021

Hamilton, ON

### 📁 PROJECTS

#### Story Creator 📄

01/2023

- An interactive user application where users can begin stories and/or add to *in-progress* stories using **SCSS** and **jQuery**
- Stores and handles user data with **PostgreSQL** and **Express**

#### Tiny App 📄

11/2022

- Created a website with **EJS**, **vanilla JS**, and **Express** which permits the user to create, read, update, and delete URLs
- Stores users' encrypted data with the use of cookies and the additional functionality of shortening URLs for ease of access

#### Interview Scheduler 📄

02/2022

- A simulation that allows a student to make appointments with a mentor through an API database using **PostgreSQL**
- User-friendly front-end and robust app logic made with **ReactJS**, testing done with industry-standard tools like **Cypress** and **Jest**
- Hosting API with **railway** and Hosted scheduler through **Netlify** with **CircleCI**

### 📁 PROFESSIONAL EXPERIENCE

#### Junior Support Analyst

PRO Computer Consulting Inc

09/2021 – 04/2022

Toronto, ON

- Fixed PC hardware issues by disassembling parts and repairing equipment for customers, demonstrating competent **problem-solving** skills.
- In charge of imaging personal computers, installing the necessary software, and arranging appointments for Lifecycle (hardware) replacement in a **timely** and **efficient** manner.

### 📄 CERTIFICATES

Comptia Security + | Diploma in Computer Engineering
